OIL CONSERVATION DIVISION

Dear Sir:

Enclosed is a copy of the approval as captioned and dated March 1, 1989, from the Oil Conservation Division.

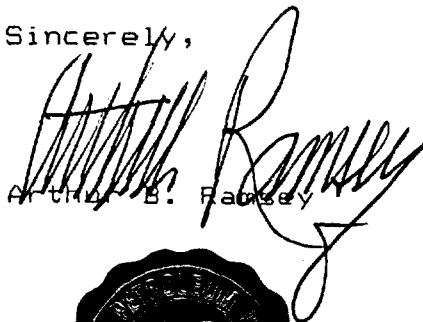

In compliance with said Order the Unit Agreement previously submitted to your office and at the OCD hearing (Case No. 9600) has been revised by deleting from the Unit area the NE/4 of Section 34-26S-17W. Exhibits "A" and "B" now show this change.

By delivery to you of three revised copies of this Unit Agreement I request approval by the Commissioner of Public Lands. Approval of the Unit Agreement should promote the prevention of waste and protection of correlative rights within the Unit Area for the best interest of the State Trust.

After the Commissioner's approval and execution of the Unit Agreements, please return one (1) complete copy to me and I will furnish a copy to OCD.

Thank you for your assistance and prompt actions.

Sincerely,

  
Arthur B. Ramsey

Re: Termination of Playas Valley Unit  
Hidalgo County, New Mexico

Dear Mr. Ramsey:

The Playas Valley Unit Agreement was approved by this office effective as of March 9, 1989. Our records indicate that two unit wells were drilled and subsequently plugged and abandoned. An extension to July 20, 1991 within which to commence drilling the third well was approved on September 27, 1990.

Your letter of July 19, 1991 provided notification to this office that you were discontinuing your activities in the captioned unit area and that all oil and gas leases in this unit would expire along with the unit.

In view of the above, please be advised that the Playas Valley Unit Agreement has been terminated effective as of July 20, 1991. Please advise all interested parties of this action.

If you have any questions, or if we can be of further help, please contact Pete Martinez at (505) 827-5791.
