Case 9614

Dear Mr. LeMay;

Blackwood & Nichols Co., Ltd. requests administrative approval of an exception to the footage requirements of Rule 7, R-8768 for the subject well, located in the Basin Fruitland Coal Pool.

This request is for exception due to topography. A Vicinity Map and C-102 are attached for your reference. There is a standard location in the NE/SW, but this location was not acceptable to the New Mexico Parks Service due to the potential adverse visual impact to the Navajo Lake State Park. The proposed location has been approved by all parties involved.

The west half of Section 6, T30N, R7W, and the southwest quarter of Section 31, T31N, R7W will be dedicated to this well. All offset proration units are operated by Blackwood and Nichols Co., Ltd.

Your prompt consideration of this request is appreciated.

Sincerely,

William F. Clark
