RE: Administrative Application for
the Northeast Blanco Unit Well
Nos. 449, 453, 457, Basin-
Fruitland Coal (Gas) Pool, San
Juan County, New Mexico.

Dear Mr. Clark:

The three wells in the subject filings are on non-standard gas spacing and proration units that cross section lines. Since there are no administrative procedures to approve such units pursuant to Order No. R-8768, these filings will be set for hearing before an Examiner scheduled for March 1, 1989. If you should have any questions or comments concerning this matter, please contact me.

Sincerely,
