Case 9788

Re: In the Matter of the Application of Yates Petroleum
Corporation for Directional Drilling, Eddy County, New
Mexico

Dear Mr. LeMay:

Enclosed in triplicate is the above-referenced application of Yates Petroleum Corporation. Yates Petroleum Corporation respectfully requests that this matter be placed on the docket for the Examiner hearings scheduled on October 18, 1989.

Very truly yours,

WILLIAM F. CARR

OIL CONSERVATION DIVISION

IN THE MATTER OF THE APPLICATION OF
YATES PETROLEUM CORPORATION,
FOR DIRECTIONAL DRILLING,
EDDY COUNTY, NEW MEXICO.

CASE NO. 9788

APPLICATION

YATES PETROLEUM COMPANY, by its undersigned attorneys, hereby makes application pursuant to Oil Conservation Division Rule 111 to directionally drill its Zia "ZS" Federal Com Well No. 1, and in support thereof states:

1. Applicant is the operator of the Strawn and Morrow formations underlying the E/2 of Section 14, Township 20 South, Range 29 East, N.M.P.M., Eddy County, New Mexico.

2. Applicant proposes to directionally drill its Zia "ZS" Federal Com Well No. 1 from a surface location of 563 feet from the South line and 2125 feet from the East line of Section 11, Township 20 South, Range 29 East, to a bottom hole location in the Morrow formation 2480 feet from the North line and 1980 feet from the East line of Section 14, Township 20 South, Range 29 East, N.M.P.M., Eddy County.

3. Applicant proposes to dedicate to the Zia "ZS" Federal Com Well No. 1 a standard proration unit comprised of the E/2 of said Section 14.

4. The directional drilling of this well will enable the Applicant to produce the reserves which underlie the above-referenced proration unit in the most economical and efficient manner.

5. Approval of this application will enable the Applicant to produce hydrocarbons that otherwise would not be produced and will otherwise be in the best interest of conservation, the prevention of waste and the protection of correlative rights.

WHEREFORE, Applicant requests that this application be set for hearing before a duly appointed Examiner of the Oil Conservation Division on October 18, 1989, that notice be given as required by law and the rules of the Rules of the Division, and that the Division enter its Order granting the applicant permission to directionally drill its Zia "ZS" Federal Com Well No. 1 and granting such other relief as is appropriate.

Respectfully submitted,

CAMPBELL & BLACK, P.A.

Attn: William J. LeMay, Director

Re: Application for Administrative Approval to Directionally
Drill the Yates Petroleum Corporation Zia "ZS" Federal
Com Well No. 1, Burton Flat East Strawn Pool, Morrow
Pool, Eddy County, New Mexico

Dear Mr. LeMay:

Pursuant to the provisions of Oil Conservation Division Rule 111(d), Yates Petroleum Corporation, operator of the W/2 of Section 14, Township 20 South, Range 29 East, N.M.P.M., Eddy County, New Mexico, hereby applies for administrative approval to directionally drill its Yates Petroleum Corporation Zia "ZS" Federal Com. Well No. 1 from a surface location 563 feet from the South line and 2125 feet from the East line of Section 11, Township 20 South, Range 29 East, N.M.P.M., Eddy County, New Mexico to a proposed bottomhole location in the Morrow formation 2480 feet from the North line and 1980 feet from the East line of Section 14, Township 20 South, Range 29 East, N.M.P.M., Eddy County, New Mexico.

This application qualifies for administrative approval since the proposed production zone is at a standard location in both the Strawn and Morrow formations in Section 14, but no standard surface location is available because this acreage is under Federal Oil & Gas Lease NM-81929 which contains a no surface occupancy provision.

Required notice of this application has been served by certified mail to each operator of a spacing or proration unit offsetting the unit for which this directional drilling exception is requested. Each party shown on the attached service list has been furnished a copy of this letter, complete with all attachments.
