Attention: Robert F. Scott and Richard Coats:

RE: Application for Directional Drilling,
Burton Flat Federal Well No. 1;
Sections 11/14, Township 20 South,
Range 29 East, Eddy County, New
Mexico

Dear Messrs. Scott and Coats:

Due to an improper administrative application (see letter of October 17, 1989), lack of proper notice of amended filing and conflicting supporting data, this filing will be set for hearing before an examiner on the next available docket scheduled for November 29, 1989.

Sincerely,
A handwritten signature in black ink, appearing to read "Michael E. Stogner".

Re: Rule 111 (C)
Burton Flat Federal #1
Eddy County, NM
Case No. 9762 - 9808

Dear Mr. LeMay:

TXO Production Corp. is amending its Application for Permit to Drill the Burton Flat Federal #1. Please note the following changes:

- 1) The classification of the well has been changed from oil to gas.
- 2) The field name has been changed from Parkway South to Burton Flat, East (Strawn).
- 3) The previously determined bottom hole location of 825' FNL & 1815' FWL of Section 14 has been changed to 2145' FNL & 1815' FWL of Section 14.
- 4) The dedicated acreage of 40 acres has been increased to a total of 320 acres (W $\frac{1}{2}$ of sec 14).

All surface data will remain the same and the drilling information will be unchanged other than the provision of the revised bottom hole location.

Should you have any questions please contact Tim Goudeau or myself at the above phone number.

Sincerely,

Robert F. Scott
