Dear Sir:

We hereby request administrative approval for exception to well location requirements. Attached please find a copy of Bridge Oil Company, L.P.'s application for permit to drill the Roy Anderson Well No. 1 located in Lea County, New Mexico. The unorthodox location is needed for geologic conditions.

Attached for your information is a plat showing the proposed location and lease ownership in the general area. Also enclosed is a discussion of the geologic conditions and geologic map. Waiver request letters were sent to the offset operators and as the waivers are received will be forwarded to you.

If you should require any additional information, please contact me at (214) 788-3378.

Yours very truly,

Dora McGough
