Case 8594

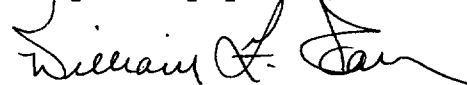

Re: Application of Doyle Hartman for Compulsory Pooling,  
A Non-Standard Proration Unit and an Unorthodox Well  
Location, Lea County, New Mexico.

Dear Mr. Stamets:

Enclosed in triplicate is the Application of Doyle Hartman  
in the above-referenced case. Mr. Hartman respectfully requests  
that this matter be included on the docket for the May 8, 1985  
Examiner hearings.

Your attention to this request is appreciated.

Very truly yours,

William F. Carr

IN THE MATTER OF THE APPLICATION  
OF DOYLE HARTMAN FOR COMPULSORY  
POOLING, A NON-STANDARD PRORATION  
UNIT AND AN UNORTHODOX WELL LOCA-  
TION, LEA COUNTY, NEW MEXICO.

Case 8394

APPLICATION

Comes now, DOYLE HARTMAN, by and through his undersigned attorneys and, as provided by Section 70-2-17, N.M.S.A. (1978), hereby makes application for an order pooling all of the mineral interests from the surface to the base of the Jalmat formation, in and under the SE/4 of Section 27, Township 23 South, Range 36 East, N.M.P.M., Lea County, New Mexico, and in support thereof would show the Division:

1. Applicant owns a working interest in and under the SE/4 of Section 27, and has the right to drill thereon.

2. Applicant proposes to dedicate the above-referenced 160-acre non-standard Jalmat pooled proration unit to a well to be drilled at an unorthodox location 330 feet from the South and East lines of said Section 27.

3. Applicant has sought and been unable to obtain voluntary agreement for pooling or farmout from all interest owners in the SE/4 of said Section 27.

4. Said pooling of interests and well completion will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights.

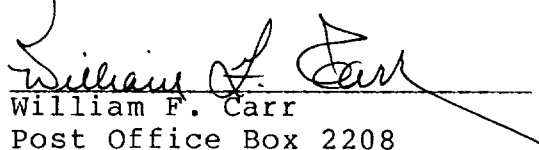

5. In order to permit the applicant to obtain his just and fair share of the oil and gas underlying the subject lands, the mineral interests should be pooled, and applicant should be designated the operator of the well to be drilled.

WHEREFORE, applicant prays that this application be set for hearing before a duly appointed Examiner of the Oil Conservation Division on May 8, 1985, and that after notice and hearing as required by law, the Division enter its order pooling the lands, including provisions for applicant to recover his costs of drilling, equipping and completing the well, his costs of supervision while drilling and after completion, including overhead charges, and imposing a risk factor for the risk assumed by the applicant in drilling, completing and equipping the well, approving the non-standard proration unit and the unorthodox location of the well as proposed by applicant, and making such other and further provisions as may be proper in the premises.

Respectfully submitted,

CAMPBELL & BLACK, P.A.

Case 85-22

AMENDED APPLICATION

Comes now, DOYLE HARTMAN, by and through his undersigned attorneys and, as provided by Section 70-2-17, N.M.S.A. (1978), hereby makes application for an order pooling all of the mineral interests from the surface to the base of the Jalmat formation, in and under the SE/4 of Section 27, Township 23 South, Range 36 East, N.M.P.M., Lea County, New Mexico, and in support thereof would show the Division:

1. Applicant owns or represents approximately 21.85% of the working interest in and under the SE/4 of Section 27, and has the right to drill thereon.

2. Applicant proposes to dedicate the above-referenced 160-acre non-standard Jalmat pooled proration unit to a well to be drilled at an unorthodox location 660 feet from the South line and 330 feet from the East line of said Section 27.

3. Applicant has sought and obtained voluntary agreement for pooling or farmout from all interest owners in the SE/4 of said Section 27 except those set out on Exhibit A attached hereto and incorporated herein by reference.

4. Said pooling of interests and well completion will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights.

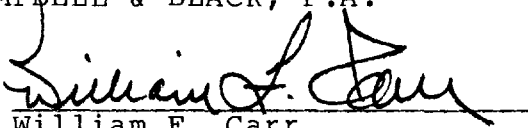

5. In order to permit the applicant to obtain his just and fair share of the oil and gas underlying the subject lands, the mineral interests should be pooled, and applicant should be designated the operator of the well to be drilled.

WHEREFORE, applicant prays that this application be set for hearing before a duly appointed Examiner of the Oil Conservation Division on May 8, 1985, and that after notice and hearing as required by law, the Division enter its order pooling the lands, including provisions for applicant to recover his costs of drilling, equipping and completing the well, his costs of supervision while drilling and after completion, including overhead charges, and imposing a risk factor for the risk assumed by the applicant in drilling, completing and equipping the well, approving the non-standard proration unit and the unorthodox location of the well as proposed by applicant, and making such other and further provisions as may be proper in the premises.
