Re: J. M. Huber Corporation
Application for Compulsory Pooling
N $\frac{1}{2}$ SW $\frac{1}{4}$ Section 32, T-12-S, R-36-E,
Lea County, New Mexico

Case 8657

Dear Mr. Stamets:

Enclosed herewith you will find an Application for compulsory pooling which we are filing on behalf of J. M. Huber Corporation covering the above-described land which I understand is in the Tatum Wolfcamp Pool. A month ago there was a hearing and an Order granted pursuant thereto force pooling the same parties under the S $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 32. J. M. Huber Corporation would like to have this placed on the July 31 docket as it has an obligation to commence a well on the acreage shortly thereafter.

I called Mr. Jeff Taylor today to insure that this would be placed on the docket in the event the Application does not reach you by July 9, 1985.

Yours very truly,

JENNINGS & CHRISTY

Re: N/2 SW/4 Sec. 32-T12S-R36E
Tatum Prospect
Lea County, New Mexico
Your 14-N-260-C

Dear Mr. Lawrence:

I am in receipt of your letter of June 4, 1985, furnishing me with your AFE worksheet and advising me that an AFE and an Operating Agreement would be furnished for my review at such time as they became available. I am also in receipt of your letter dated July 17th furnishing me with a copy of your application for Compulsory Pooling.

I have reviewed your offer and your AFE and believe my best position is to farmout my interest to you, delivering a 75% net revenue lease with customary 50% backin after payout - the Farmout to be concluded for no consideration.

In the event you find the above offer acceptable, please furnish me with your customary Farmout Letter Agreement for my review.

Respectfully yours,

Thomas Max Nygaard
