SUBJECT: P&A of following well: Punch #1-J S11, T12S, R34E
 Ranger Lake #1-N S11, T12S, R34E
 Ranger Lake #3-N S11, T12S, R34E
 Ranger Lake SWD #1-H S15, T12S, R34E
 Texas Pacific AH St #1-F S14, T12S, R34E

Dear Mr. McKay:

Your letter requesting a 60 to 90 day extension for commencement of plugging of the above-referenced wells in the Ranger Lake Field has been received. Sixty days from the date of my August 9th letter will be up October 9, 1985, and we will expect plugging operations to be started by that date.

Your failure to commence plugging operations by that date and to proceed in an orderly fashion from one well to the other until all five wells have been plugged will be cause for the OCD to initiate a hearing in which you will be required to show cause why the OCD should not plug these wells. Should this occur your bonds will be forfeited.

Very truly yours,

OIL CONSERVATION DIVISION
