Dear Mr. Stamets:

This is the application of Doyle Hartman for a non-standard gas proration unit and an unorthodox gas well location in the Jalmat Gas Pool, Lea County, New Mexico.

It is respectfully requested that you docket a case to consider approval of a 320-acre non-standard proration unit comprising the W/2 of Section 34, Township 25 South, Range 37 East, NMPM, to be dedicated to a well to be drilled at an unorthodox location 990 feet from the South line and 660 feet from the West line of said Section 34.

We would like to have this case scheduled for the first examiner hearing in January, 1986.

Very truly yours,
