Re: Case No. 9160, Application of  
Santa Fe Energy Operating  
Partners, L.P., for forced pooling

Dear David:

You requested certain additional information at the hearing. This information is enclosed, and is described below.

Exhibit 2 submitted at the hearing was a letter dated June 2, 1987, notifying all interest owners of Santa Fe's forced pooling hearing. Attached to Exhibit 2 are copies of certified return receipts for CNG Producing Co., Florida Exploration Co., Pogo Producing Co., and Texas Gas Exploration Co. Attached to this letter as Exhibit A are copies of certified return receipts for Paine Webber (PW) Production Co., Heathary Resources, and Primary Fuels. These were mistakenly omitted from Exhibit 2. The only other interest owner in the proposed unit (W $\frac{1}{2}$  of S 34-23S-31E) is Mobil, which has farmed out to Santa Fe.

Attached as Exhibit B is an exhibit to Santa Fe's Operating Agreement for the well, which sets forth the varying interests above and below 6,485 feet subsurface. Please note that the interest owners remain the same, although their percentage interests vary. Including the companies who have verbally agreed to join in the well, about 70% of all interests are currently committed to the well.

Attached as Exhibit C is a letter dated May 13, 1987, containing the original well proposal by Santa Fe.

Attached as Exhibits D-1, D-2, and D-3 are follow-up letters dated June 19, 1987 to PW Production Co., Heathary Resources, and Primary Fuels, which are the three companies which have not verbally committed their interests to the proposed well.

Please let me know if you need any further information.

Very truly yours,

HINKLE, COX, EATON,  
COFFIELD & HENSLEY
