OIL CONSERVATION DIVISION
SANTA FE

Mr. Dave Catanach
New Mexico Oil Conservation Division
P. O. Box 2008
Santa Fe, New Mexico 87501

Case 9295

Subject: Joe Whitney Well No. 1
NE/4 Section 26, T26N, R2W
Rio Arriba Co., NM

Dear Mr. Catanach:

Hixon Development Company hereby requests administrative approval from the Oil Conservation Division to drill the referenced well on a non-standard proration unit. The well will be drilled to the Gavilan Greenhorn-Graneros-Dakota pool but will probably be completed in the Gavilan Mancos. Our intent is to dedicate the east half of section 26 to the well.

We are seeking a non-standard proration unit because prior to Commission Rule R7407E, J. P. McHugh drilled and completed the Wildfire #1 (now operated by Sun) in the SW/4 of the section. The proration unit for that well was designated as the west half of the section. If we are allowed to drill the east half we would expect both wells to be restricted to 50% of the normal Gavilan allowable.

If I can answer any questions concerning this request, please do not hesitate to call me at 326-3325 or write to me at the letterhead address.

Very truly yours,

A handwritten signature in cursive script that reads "John C. Corbett". The ink is dark and the signature is fluid and legible.

John C. Corbett
Vice President - Exploration

Ladies/Gentlemen:

The purpose of this letter is to provide notice to you, in accordance with the rules and regulations of the New Mexico Oil Conservation Division, that Hixon Development Company has filed an application with the New Mexico Oil Conservation Division seeking an Order approving a 320 acre non-standard oil spacing and proration unit comprising the E/2 of Section 26, Township 26 North, Range 2 West, N.M.P.M., Rio Arriba County, New Mexico, Gavilan Mancos Oil Pool, to be dedicated to a well to be drilled at a standard location 990 feet from the North Line and 890 feet from the East Line of said Section 26.

This application was originally placed on the January 20, 1988 docket of the New Mexico Oil Conservation Division; however, Hixon Development Company has requested that the hearing on the application be continued for the February 3, 1988 docket of the New Mexico Oil Conservation Division. In accordance with the rules and regulations of the New Mexico Oil Conservation Division, you are entitled to be present at the hearing to present testimony and to submit evidence in support of your position regarding the merits of the application.

If you should have any questions regarding this matter, please do not hesitate to call me at 505-326-3325.

Very truly yours,

Charles Orin Foster
Vice President - Land

M.S.

Ladies and Gentlemen:

T. H. McElvain owns an interest in an oil and gas lease offsetting the subject application for a non-standard proration unit in Rio Arriba County, New Mexico.

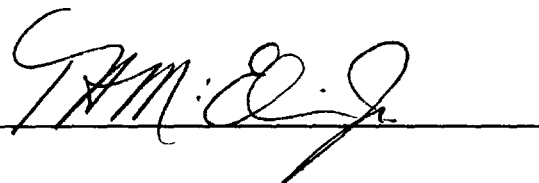

On February 2, 1988, we were notified of Hixon Development Company's pending application before the New Mexico Oil Conservation Division by a telephone call from Charles Orin Foster, of their office, and subsequently by certified return receipt requested letter dated February 5, 1988.

The purpose of this letter is to inform you that we are fully cognizant of their intended operations regarding their Joe Whitney #1 Well located 990' FNL, 890' FEL 26-T26N-R2W, N.M.P.M., Rio Arriba County, New Mexico as well as their application in the matter of case number 9295 before the New Mexico Oil Conservation Division and hereby waive all notification rights provided for our benefit by the rules and regulations of the New Mexico Oil Conservation Division. Furthermore, we hereby give our consent and decline all further opportunity to object to the application of Hixon Development Company for the granting of their request to the New Mexico Oil Conservation Division in the matter of case number 9295.

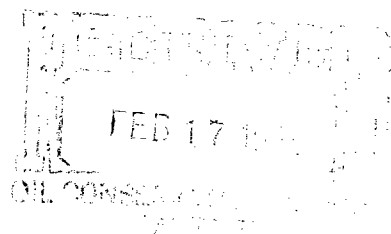

Very truly yours,

T. H. McElvain

Case No. 9295

M.S.

Mr. Joseph R. Mazzola
Mazzola & Company
609 East Speer Blvd.
Denver, Colorado 80203

Subject: Application for Non-Standard Oil Proration Unit
Hixon Development Company Joe Whitney #1 Well
Rio Arriba County, New Mexico

Dear Mr. Mazzola:

As we discussed by telephone February 2, 1988, and because of an oversight on my part, the lands covered by an oil and gas lease you hold entitle you to notification of our request to have a hearing before the New Mexico Oil Conservation Division regarding Hixon Development Company's desire to form the subject proration unit. Therefore, the purpose of this letter is to provide notice to you, in accordance with the rules and regulations of the New Mexico Oil Conservation Division, that Hixon Development Company has filed an application with the New Mexico Oil Conservation Division seeking an Order approving a 320 acre non-standard oil spacing and proration unit comprising the E/2 of Section 26, Township 26 North, Range 2 West, N.M.P.M., Rio Arriba County, New Mexico, Gavilan Mancos Oil Pool, to be dedicated to a well to be drilled at a standard location 990 feet from the North Line and 890 feet from the East Line of said Section 26.

This application was originally placed on the January 20, 1988 docket of the New Mexico Oil Conservation Division; however, Hixon Development Company had requested that the hearing on the application be continued for the February 3, 1988 docket and subsequently after testimony on that day it was continued to the February 17, 1988 docket of the New Mexico Oil Conservation Division. In accordance with the rules and regulations of the New Mexico Oil Conservation Division, you are entitled to be present at the hearing to present testimony and to submit evidence in support of your position regarding the merits of the application.

Mr. Joseph R. Mazzola
February 5, 1988
Page 2

I have enclosed a letter for you to execute on our behalf outlining your consent to our non-standard oil proration unit request. If it should meet with your approval, I respectfully request that you execute it and forward it to the New Mexico Oil Conservation Division at your earliest convenience.

If you should have any questions regarding this matter, please do not hesitate to call me at 505-326-3325.

Very truly yours,

A handwritten signature in cursive script, appearing to read "Charles Orin Foster", with a long horizontal flourish extending to the right.

Subject: Application for Non-Standard Proration Unit
Hixon Development Company Joe Whitney #1 Well
Rio Arriba County, New Mexico
New Mexico Oil Conservation Division Case Number 9295

Ladies and Gentlemen:

Mazzola & Company owns an interest in an oil and gas lease offsetting the subject application for a non-standard proration unit in Rio Arriba County, New Mexico.

On February 2, 1988, we were notified of Hixon Development Company's pending application before the New Mexico Oil Conservation Division by a telephone call from Charles Orin Foster, of their office, and subsequently by certified return receipt requested letter dated February 5, 1988.

The purpose of this letter is to inform you that we are fully cognizant of their intended operations regarding their Joe Whitney #1 Well located 990' FNL, 890' FEL 26-T26N-R2W, N.M.P.M., Rio Arriba County, New Mexico as well as their application in the matter of case number 9295 before the New Mexico Oil Conservation Division and hereby waive all notification rights provided for our benefit by the rules and regulations of the New Mexico Oil Conservation Division. Furthermore, we hereby give our consent and decline all further opportunity to object to the application of Hixon Development Company for the granting of their request to the New Mexico Oil Conservation Division in the matter of case number 9295.

Very truly yours,

Mazzola & Company
