TO: PERSONS LISTED ON EXHIBIT A

CERTIFIED MAIL

Enclosed to each of you is an Application filed by Robert N. Enfield with the New Mexico Oil Conservation Division. This case seeks to establish 160 acre spacing and proration units for the Devonian pool as specified therein. This matter is set for hearing before the Oil Conservation Division at 8:15 a.m. on Wednesday, May 25, 1988, in Santa Fe, New Mexico.

Very truly yours,

HINKLE, COX, EATON,
COFFIELD & HENSLEY

James Bruce

BEFORE THE NEW MEXICO OIL CONSERVATION DIVISION

APPLICATION OF ROBERT N. ENFIELD
FOR SPECIAL POOL RULES, TRES NINOS
DEVONIAN POOL, CHAVES COUNTY,
NEW MEXICO

No. _____

APPLICATION

Robert N. Enfield hereby makes application for special pool rules for the Tres Ninos Devonian Pool, Chaves County, New Mexico, and in support thereof would show:

1. On March 30, 1988, Applicant completed his E. McCombs Well No. 1, located 1650 feet from the North line and 990 feet from the West line of Section 29, Township 7 South, Range 31 East, N.M.P.M., Chaves County, New Mexico, as a producer in the Devonian formation.

2. The E. McCombs Well No. 1 is the discovery well for a new pool, and should be classified as a gas well.

3. Applicant has filed Forms C-102 and C-109 with the Division, requesting creation of a new pool comprised of the W $\frac{1}{2}$ of Section 29, with a suggested name of the Tres Ninos Devonian Pool.

4. Under the Division's statewide rules standard spacing and proration units for the pool would be 320 acres in size.

5. Applicant seeks special pool rules for said pool, or for wells completed or recompleted in the Devonian formation within one mile thereof, including the following provisions:

- a. For 160 acre gas well spacing, with a standard unit consisting of a governmental quarter section;

- b. For wells to be located in any quarter-quarter section of the 160 acres dedicated to the well;
- c. For wells to be located not closer than 130 feet to any outer boundary of a spacing and proration unit;
- d. For wells to be no closer than 1320 feet apart;
- e. For administrative approval for non-standard units due to irregularities in the U.S. Public Land surveys; and
- f. For all other pool rules to be in conformance with Division statewide rules.

6. The matters urged by Applicant herein are in the interests of conservation, the prevention of waste, and the protection of correlative rights.

7. Applicant requests that this matter be heard at the May 25, 1988 Examiner hearing.

WHEREFORE, applicant requests that, after hearing, an order containing the above requested special pool rules be entered.

Respectfully submitted:

HINKLE, COX, EATON, COFFIELD,
& HENSLEY
