Re: Formation of Voluntary 640 Acre Spacing Unit,
Gavilan Mancos Oil Pool, Section 12, T25N, R2W, NMPM
Rio Arriba County, New Mexico

Ladies/Gentlemen:

Oryx Energy Company (Oryx Energy), formerly Sun Exploration and Production Company, and Dugan Production Corp. (Dugan) own the leasehold working interest in the NE/4 of the captioned section. Oryx Energy and Dugan wish to pursue a voluntary 640 acre spacing unit encompassing the above-captioned acreage, with respect to the Gavilan Mancos Oil Pool, in accordance with the Gavilan Mancos Oil Pool rules which provide for 640 acre spacing units (effective as of June 8, 1987). Our joint leasehold interest expires on July 31, 1989, and it is our desire to have this spacing unit effective on or before that date.

Mallon Oil Company completed the Johnson Federal No. 12-5 Well (located in the SW/4 NW/4 of Section 12, T25N, R2W), on October 24, 1985, in the Mancos (aka Gallup and Niobrara) for 19 BO per day, no gas reported. As reflected on their Communitization Agreement dated January 1, 1986, (approved on January 2, 1986), filed for the Johnson Federal No. 12-5 Well, the W/2 of said Section 12 has been communitized. Oryx Energy understands that the present lessees of record for the W/2 of said Section 12 are as follows:

WEST HALF NORTHWEST QUARTER (W $\frac{1}{2}$ NW $\frac{1}{4}$)

Kodiak Petroleum, Inc.	15%	
Mallon Oil Company	12.625%	
American Penn Energy, Inc.	15%

Working Interest Owners
June 8, 1989

Historically, participation in a 640 acre unit such as Section 12, T25N, R2W would be based on an owner's proportionate cost of the drilling, completion and incurred operating costs of the well. Future operating costs would be shared on the same proportionate basis, and the production allocation would begin with the date of the pooling order. Such a proposal is consistent with the precedent set in other Gavilan Mancos Pool 640 acre poolings previously approved by the NMOCD, that is, Oryx Energy Loddy No. 1 Well and Wildfire No. 1 Well and Amoco Siefert Gas Com. No. 1 Well. Clearly, the current production of the Mallon Johnson Federal No. 12-5 Well of 1.5 BO and 180 MCF per day (March, 1989 C-115) does not justify such an expenditure. Therefore, Oryx Energy and Dugan respectfully request that the owners in the E/2 of Section 12, T25N, R2W, pay to the owners in the W/2, the sum of \$40,000. The working interest owners in the E/2 of said Section 12 shall have the option of either paying their pro rata share of the \$40,000 within an agreed upon time frame, or electing to have the operator of the Johnson Federal No. 12-5 Well recoup the pro rata share of the \$40,000 out of production. This option is similar to the option given to the working interest owners in the pooling order for the Oryx Energy Loddy No. 1 Well. The \$40,000 figure represents 50% of the current net present value of the Mallon Johnson Federal No. 12-5 Well discounted at 15%.

Oryx Energy has had preliminary conversations with Mallon Oil Company and Mesa Grande Ltd. who indicated they will probably be willing to work toward a voluntary 640 acre unit. Oryx Energy and Dugan are requesting that each working interest owner within said Section 12 review our proposal and return the enclosed ballot indicating your response to the proposal for the voluntary establishment of a 640 acre spacing unit for the Johnson Federal No. 12-5 Well. A 640 acre spacing unit would involve communitizing the acreage in the W/2 of said Section 12 with the acreage in the E/2 of said Section 12. Please return the attached ballot to my attention no later than June 16, 1989.

In order to resolve this matter as quickly as possible, Oryx Energy is requesting that its counsel apply for a hearing on this matter before the New Mexico Oil Conservation Division (NMOCD) on the July 12, 1989 docket. Oryx Energy intends to pursue the voluntary formation of this spacing unit, and in the event we are successful, our application to the NMOCD in this matter will be dismissed.

If you have questions regarding this matter, please contact me by phone at 214/890-5777, or at the letterhead address. Please advise me of any address corrections. I look forward to hearing from you, and thank you for your cooperation and timely response in returning one copy of the enclosed ballot.

Very truly yours,

Marlene Staley
Unitization Representative

Country of Origin: U.S.A.

Declared Value For Customs: 1.00

Total Declared Value For Customs: 1.00

Total Weight: 1.5

Total Declared Value For Carriage: 1.00

400-5343 0002

Export Declaration Information

Complete section below for any commodity valued over \$1,200 or for any commodity that is subject to export controls. Information should be entered on this form as the commodity appears in Section 5.

NO SED Required Sec. 30.39

FTSR

Export Declaration Information

Country of Ultimate Destination: U.S.A.

Country of Origin: U.S.A.

Export Lic. No. And Exp. Date Or Gen. Lic. Symbol

You hereby agree to the terms in our current U.S. Export Service Guide and on the back of this Air Waybill. You warrant that the information contained on this Air Waybill is true and correct. The Warranty Convention may apply to this shipment and best practices apply to this shipment. Consignee's liability is limited to U.S. \$100 or U.S. \$100 per kilogram, whichever is greater, unless you declare a higher value in accordance with the terms on the reverse of this Air Waybill.

Warning: Commodity Registered by U.S. For ultimate destination indicated in Section 7 (Destination country) to U.S. is prohibited.
