EXAMINER CATANACH: At this time I'll call Case 10936.

MR. CARROLL: Application of Strata Production Company for an unorthodox oil well location, Eddy County, New Mexico.

EXAMINER CATANACH: Is Mr. Cavin here today? It's my understanding this case was originally heard on March 17, and it was continued for some additional information.

Let the record reflect that the Division received a fax transmission yesterday from Mr. Sealy Cavin transmitting a waiver of objection to the location from Western AG Minerals Company and IMC Fertilizer, Inc., a waiver to the Bone Spring unorthodox well location proposed by Strata. We'll incorporate that into the evidence in this case.

Is there anything further in this case?

There being nothing, we'll take Case 10936 under advisement.
