Gentlemen:

BTA has requested a hearing date of 3-17-94 to present evidence to substantiate our belief that the above referenced wells produce from two different Atoka reservoirs. We will request simultaneous dedication of the existing 320 acre gas spacing and proration unit.

The Hudson State #2 was recompleted as an Atoka producer on 11-16-93. The Hudson State #1-Y was Shut-In on 11-15-93, per Administrative Order NSL-3125-A.

BTA hereby requests your waiver of objection for producing of the Hudson State #1-Y and #2 with the dedication of the north half of Section 11 to these wells, by signing hereinbelow and return to me in the enclosed business reply envelope.

Thank you for your time in this matter and should you have any questions regarding this application, please call.

Sincerely,
