*Case 8291*

Gentlemen:

I have examined the application for the:

I & W Transportation, Inc.	Sombrero MS State	No. 2-C	27-16-33
Operator	Lease & Well No.	Unit	S-T-R

and my recommendations are as follows:

The wells in the W. Kemnitz and Kemnitz Lower Wolfcamp pools produce from a zone lower than the proposed perfs. However, two wells in the Sanmal Wolfcamp Pool, H-33-16-33(now P/A) and F-33-16-33, Southern Union St. N.M. #1, produce or have produced from a zone equivalent to the uppermost set of perfs(10694-10857). They are approx. 1.5 miles from the proposed SWD well.

Yours very truly,

*Jerry Sexton*
