

BEFORE THE OIL CONSERVATION DIVISION

OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE APPLICATION OF MARBOB ENERGY CORPORATION FOR AN UNORTHODOX OIL WELL LOCATION, EDDY COUNTY, NEW MEXICO

CASE NO. 8325

APPLICATION

COMES NOW MARBOB ENERGY CORPORATION, by its attorneys, and in support hereof, respectfully states:

1. Applicant is the operator of the Grayburg-San Andres formation, (Grayburg Jackson Seven Rivers Queen Grayburg San Andres Pool), and underlying:

TOWNSHIP 17 SOUTH, RANGE 29 EAST, N.M.P.M.

Section 22: NE/14NE/14

containing 40 acres, more or less,

and proposes to drill its M. Dodd A No. 34 Well at a point located 100 feet from the north line and 330 feet from the east line of Section 22.

- 2. The applicant seeks an exception to the well location requirements of Rule 104-C.1(a) of the Oil conservation Division to permit the drilling of the well at the above mentioned uncrthodox location to a depth sufficient to adequately test the Grayburg-San Andres formation.
- 3. The approval of this application will afford applicant the opportunity to produce its just and equitable share of oil and will otherwise prevent waste and protect correlative rights.

WHEREFORE, applicant prays:

- A. That this application be set for hearing on September 5, 1984 before an examiner and that notice of said hearing be given as required by law.
- B. That upon hearing the Division enter its order granting applicant permission to drill its M. Dodd No. 34 Well at a point 100 feet from the north line and 330 feet from the east line of said Section 22.
- C. And for such other and further relief as may be just in the premises.

MARBOB ENERGY CORPORATION

Kevin J. Mis

Attorney for Applicant

Case 8325

Joe D. Ramey Director Oil Conservation Division P. C. Box 2088 Santa Fe, New Mexico 87501

NSL -Federal, State, Rule 104FI

Dear Mr. Ramey: and Fee Release August 2,1984

40 ACRES: Dedicated SE/4 NE/4 of

The purpose of this letter is to request administrative approval without notice and hearing of unorthodox well locations within a secondary recovery project. The well locations for which administrative approval are sought are the M. Dodd A No. 31 located 1350 feet FNL and 330 feet FEL in Section 22, Township 17 South, Range 29 East and the M. Dodd A No. 34 located 100 feet FNL and 330 feet FEL in Section 22, Township 17 South, Range 29 East, Eddy County, New Mexico. The wells will be completed in the Grayburg San Andres formation in the Grayburg Jackson Seven Rivers Queen Grayburg San Andres Pool. The wells will permit and continue to effect an efficient production and injection pattern within the secondary recovery project and are necessary for adequate drainage. Note that these locations are not closer than 330 feet to an outer boundary of the lease nor closer than 10 feet to any quarter quarter section line.

Attached to this application as Exhibits A, B, C, and D are the following:

- Well location and Acreage Dedication Plats (Forms C-102) filed with the Artesia office of the Oil Conservation Division. (Exhibits A and B).
- A list of wells located within the В. secondary recovery project indicating specifically which wells are production and which are injection wells. (Exhibit C).
- С. A plat showing the ownership of the offsetting leases. (Exhibit D).

Tenneco Oil Exploration and Production, Phillips Oil Company (formerly General American), and Marbob are the operators of proration units offsetting the proration units containing the proposed unorthodox locations in the Grayburg Jackson Seven Rivers Queen Grayburg San Andres Pool. Both Tenneco and Phillips have been notified of this application by certified mail and have been requested to notify you if they have no objections.

Thank-you very much for your help in this matter. Should you have any further questions or be in need or any additional information, please contact Kevin Bliss or Raye P. Miller.

Sincerely,

John R. Gray

Gentlemen:

Marbob Energy Corporation as operator of the M. Dodd A No.s 31 and 34 wells hereby notifies you that we have applied to the New Mexico Oil Conservation Division for administrative approval of unorthodox locations and permits to drill at the above locations. Administrative approval is being sought on the basis that the wells are being drilled in a secondary recovery project.

You are being contacted as an operator of a proration unit offsetting the above described locations in the Grayburg Jackson Seven Rivers Queen Grayburg San Andres Pool. If you have no objections to the drilling of these wells sign below and forward one copy to the NMOCD in Santa Fe, one copy to this office, and retain one copy for your files. I have provided addressed stamped envelopes for your convenience.

Thank-you very much for your cooperation in this matter. Please do not hesitate to contact me should you have any questions.

Sincerely,

Kevin / Bliss Land Department
