Dear Mr. Hansen:

South Gladiola Mississippian pool

Our firm represents Cities Service Company and I have been forwarded your letter dated July 20, 1984, to Cities Service - Midland.

Please be advised that Cities Service Company objects both to your formation of a non-standard spacing and proration unit and to an unorthodox well location for the referenced well.

You have indicated that you had made an application to the New Mexico Oil Conservation Commission. I have checked this morning and I am unable to find your application at the Oil Conservation Commission.

Accordingly, please send me a copy of your application and advise me when you expect this matter to come to a hearing.

Very truly yours,
