Gentlemen:

Attached is a copy of a letter dated October 16, 1952, signed by Saul A. Yager, with carbon copies to Mr. Morris Mizel, Mr. Sam Mizel and Mr. M. E. Gimp. This letter is evidence that these parties as basic royalty owners under Tracts 26 and 28 refused to commit their interests to the above unit. This letter should be placed in your copy of the Unit Agreement.

Yours very truly,

ASSIGNMENT OF OIL AND GAS LEASE

KNOW ALL MEN BY THESE PRESENTS:

That under date of **May 1**, 19**48**, an oil and gas Lease, Serial Number **S. F. #078943** was issued by The United States, pursuant to the Act of Congress of February 25, 1920 (41 Stat. 437), as amended, to **Ralph McCormick** Lessee, covering the following described lands in the County of **San Juan**, State of **New Mexico**

S $\frac{1}{2}$, Section 25; S $\frac{1}{2}$, Section 27; N $\frac{1}{2}$, Section 33; and N $\frac{1}{2}$, Section 35; Township 32 North Range 7 west, N.M.P.M., containing 1,280 acres, more or less.

which lease is subject to the following overriding royalties or other burdens on production, to wit:

2% to Ralph McCormick and Clayton McCormick, his wife, Box 458, Whitney, Nevada.

his wife,

That the undersigned **T. H. McElvain and Catherine B. McElvain**, hereinafter called Assignor and other valuable considerations, (whether one or more), for and in consideration of the sum of **Ten and no/100** Dollars/the receipt of which is hereby acknowledged, and for and in consideration of the agreements, covenants and promises

herein contained, does hereby sell, assign, transfer and set over unto **H. C. Wynne, 506 Braniff**

Building, Oklahoma City, Oklahoma, hereinafter called Assignee, the above described oil and gas lease insofar as it covers

S $\frac{1}{2}$, Section 25, Township 32 North Range 7 West, N.M.P.M., containing 320 acres. (No. N. M. 03378)

ASSIGNED

T. H. McElvain

Catherine B. McElvain

together with any renewal or extension thereof and any exchange, preference right or additional lease that may be issued thereunder.

TO HAVE AND TO HOLD the interest so transferred and assigned unto Assignee, and the successors in interest of Assignee, forever.

1. Assignor covenants and warrants that Assignor is the lawful owner of said lease and the entire lessor's estate thereunder, subject only to such overriding royalties or other burdens on production, if any, as are specifically set forth above, and has full power, right and authority to make and deliver this transfer and to convey the same, that the same is free and clear of all liens and encumbrances; that all of the obligations and duties imposed by the terms of said lease upon the lessee therein have been fully performed and complied with; that said lease is now in full force and effect and is not standing; and that Assignor will warrant and defend the same against the lawful claims and demands of all persons whomsoever. Without impairment of the Assignee's rights under the warranty provisions of this assignment it is agreed that if Assignor's interest shall be less than the full and undivided ownership of the lease, the overriding royalty reserved herein shall be proportionately reduced.

2. Subject to the conditions and agreements hereinafter set forth, and in addition to the overriding royalties, if any, as set forth above, Assignee agrees to pay or cause to be paid to Assignor an overriding royalty of **three** per cent of the value on the leased premises or, if marketed, of the proceeds derived from the sale, at the well or wells on said land, of all oil, gas, casinghead gas and other minerals produced, saved and marketed under the provisions of said oil and gas lease, including any extensions or renewals or leases executed in lieu thereof, from the lands last heretofore described, or of such production as may be allocated thereto, as hereinafter mentioned. PROVIDED, HOWEVER, that no overriding royalty shall be paid or shall accrue upon any oil, gas, casinghead gas or other gaseous substances produced, which are used for operating, development or production purposes on the above described land or lands covered by any unit plan including said lands, or are unavoidably lost, and no overriding royalty shall be payable on gas, casinghead gas or other gaseous substances used for recycling or repressuring operations on the above described land or the unitized area of such unit plan, and which may benefit the above described lands, or any part thereof. It is further expressly provided and agreed that at any time when the average production per well per day (for any one month period) is fifteen (15) barrels or less, and when the overriding royalty herein provided to be paid to Assignor plus the total of all prior existing overriding royalties or burdens on production, if any, plus the royalty payable to the United States in aggregate exceed seventeen and one-half per cent (17 $\frac{1}{2}$ %) then the overriding royalty payable to the Assignor hereunder shall be reduced to the extent that said aggregate shall equal seventeen and one-half per cent (17 $\frac{1}{2}$ %), and this provision shall apply separately to each productive zone or portion of the lease segregated for computing government royalty.

3. In the event the above described land or any part thereof, or any sands or horizons thereof, are or shall hereafter be incorporated in and be operated under any cooperative or unit plan of development or operation, or other plan for the conservation of oil or gas as a single pool or area, or other agreements relating to the development of any production from said land (any such plan or agreements being for convenience herein referred to as "unit plan"), whereby the production therefrom is allocated to different portions of the land covered by such unit plan, then the production so allocated to any particular tract of said above described land, shall, for the purpose of calculating said overriding royalty to be paid Assignor hereunder, be regarded as having been produced from the particular tract of land to which it is so allocated and not from any other tract of land, and the royalty payments to be made, as herein provided, shall be based on the production only as so allocated.

4. Said overriding royalty shall be paid on or before the last day of each month next succeeding the month in which said oil, gas, casing-head gas or other gaseous substances are marketed, by mailing a check, postage prepaid to the

Santa Fe National Bank

Bank of **Santa Fe, New Mexico** for the account of Assignor, his successors or assigns. Said bank, or its successors, is or are the agent of Assignor, his successors or assigns, and shall continue as depository for any and all sums payable by Assignee hereunder regardless of changes of ownership of said overriding royalty, or any part thereof, or the right to receive the same.

5. In computing the amount of the overriding royalty payable hereunder, Assignee shall have the right to deduct, or cause to be deducted, from the amount or value of the oil, gas, casinghead gas or other gaseous substances, or the proceeds thereof, upon which said overriding royalty is computed, the full amount of any taxes required to be paid on such oil, gas, casinghead gas or other gaseous substances, or on the value or proceeds thereof, or for or on account of the production, sale, or transportation thereof, including any so-called gross production or severance taxes.

6. No change in the ownership of all or any part of the interests or rights of Assignor hereunder shall be binding upon Assignee unless and until Assignee shall be furnished with the original or an acceptable certified copy of the instrument or instruments evidencing such change of ownership or of other legal evidence of such change of ownership as may be required by Assignee, but notwithstanding any such change of ownership, Assignee shall have the right to continue to make all money payments which may be payable hereunder to the depository bank herein above named. In the event of a dispute at any time concerning the ownership of any overriding royalty payable hereunder, Assignee may withhold payment of such overriding royalty without interest, until such dispute is settled.

7. If, at any time, there shall be more than six parties entitled to receive said overriding royalty payments, then Assignee shall have the right to withhold, without obligation to pay interest thereon, all said payments, unless and until all of the parties entitled thereto shall designate, in writing, in a recordable instrument to be delivered to Assignee, a trustee to receive all said payments, to execute division orders and to act in all matters involving the overriding royalty to which they are entitled for and on their behalf and on behalf of their respective successors in title.

8. Assignor shall have the right to assign all, or a fractional part of said overriding royalty as a unit, but shall not have the right to assign, in whole or in part, the same in less than all of the above described land.

9. Assignee agrees as between the parties hereto to keep and perform all of the agreements, conditions and provisions of said lease obligatory upon Assignor.

10. Notwithstanding the grant to Assignor of the above described overriding royalty, Assignee shall have the exclusive right, as between the parties hereto, to develop and operate all of the above described land and every part thereof to such extent and in such manner as assignee shall determine to be proper, without incurring any liability whatever to Assignor and nothing herein contained shall be deemed, as between the parties hereto to obligate Assignee or Assignee's successors in interest in said lease to drill for, produce or market oil, gas, casinghead gas or other gaseous substances from the above described land, or to continue the production therefrom for the benefit of Assignor.

11. Assignee is hereby granted the right, as to all or any part of the above described land and as to any sand or horizon thereof, to enter into a unit plan, as herein defined, in such manner and form as Assignee shall deem proper and to commit Assignor's interest hereunder to such unit plan, and from time to time to modify, change or terminate any such unit plan, and Assignor hereby expressly ratifies and approves any and all such unit plans which may be so entered into by Assignee. Should the participation of Assignor or Assignor's successors, be required in the creation of any such unit plan or the modification or change thereof, Assignor, or Assignor's successors or assigns, do hereby make, constitute and appoint Assignee, or Assignee's successors or assigns, as attorney-in-fact to make, execute and deliver each and all instruments that may be so required, and to do and perform any and all acts and things incident or relating thereto.

12. Assignee is hereby granted the right to release, forfeit and surrender the above mentioned lease, either in whole or in part, and from time to time, and upon the happening of such event, shall thereupon be fully and completely relieved, released and discharged from all not then accrued liabilities and all obligations to Assignor hereunder and under said lease to the extent it shall have been surrendered.

13. In the development or operation of the property covered by this assignment, Assignee agrees not to discriminate against any employee or applicant for employment because of race, creed, color, or national origin, and to require an identical provision to be included in all subcontracts.

ASSIGNMENT OF OIL AND GAS LEASE

KNOW ALL MEN BY THESE PRESENTS:

This under date of May 1, 1948, an oil and gas Lease, Serial Number S. A. #078542, was issued by The United States, pursuant to the Act of Congress of February 25, 1920 (41 Stat. 487), as amended, to A. Caylor Lessee, covering the following described lands in the County of San Juan, State of New Mexico:

S1, Section 26; S2, Section 28; E2, Section 34; S4, Section 35; Township 32 North Range 7 West, N.M.P.M., containing 1,280 acres.

which lease is subject to the following overriding royalties or other burdens on production, to wit:

2% to A. Caylor and Lorena Caylor, his wife, Box 272, Hobbs, New Mexico.

McElvain, his wife,

That the undersigned T. H. McElvain and Catherine B., hereinafter called Assignor and other valuable considerations, whether one or more, for and in consideration of the sum of Ten and no/100 Dollars/the receipt of which is hereby acknowledged, and for and in consideration of the agreements, covenants and promises herein contained, does hereby sell, assign, transfer and set over unto H. C. Myers, 506 Braniff Building, Oklahoma City, Oklahoma, hereinafter called Assignee, the above described oil and gas lease insofar as it covers

S2, Section 26, Township 32 North Range 7 West, N.M.P.M., containing 320 acres. (N. M. #03374)

Handwritten signature and date: May 1, 1948

together with any renewal or extension thereof and any exchange, preference right or additional lease that may be issued thereunder.

TO HAVE AND TO HOLD the interest so transferred and assigned unto Assignee, and the successors in interest of Assignee, forever.

1. Assignor covenants and warrants that Assignor is the lawful owner of said lease and the entire lessee's estate thereunder, subject only to such overriding royalties or other burdens on production, if any, as are specifically set forth above, and has full power, right and authority to lease and deliver this transfer and to convey the same; that the same is free and clear of all liens and encumbrances; that all of the obligations and duties imposed by the terms of said lease upon the lessee thereon have been fully performed and complied with; that said lease is now in full force and effect and in good standing, and that Assignor will warrant and defend the same against the lawful claims and demands of all persons who, however, through impairment of the Assignor's rights under the warranty provisions of this assignment it is agreed that if Assignor's interest in the lease shall be less than the full and undivided ownership of the lease the overriding royalty reserved herein shall be proportionately reduced.

2. Subject to the conditions and agreements hereinafter set forth, and in addition to the overriding royalties, if any, as set forth above, Assignee agrees to pay or cause to be paid to Assignor an overriding royalty of three per cent of the value on the leased premises or, if marketed, of the proceeds derived from the sale, at the well or wells on said land, of all oil, gas, casinghead gas and other minerals produced, saved and marketed under the provisions of said oil and gas lease, including any extensions or renewals or leases executed in lieu thereof, from the lands last hereinabove described, or of such production as may be allocated thereto, as hereinafter mentioned. PROVIDED, HOWEVER, that no overriding royalty shall be paid or shall accrue upon any oil, gas, casinghead gas or other gaseous substances produced, which are used for operating, development or production purposes on the above described land or lands covered by any unit plan including said lands, or are used, in any way, and no overriding royalty shall be payable on gas, casinghead gas or other gaseous substances used for recycling or repressuring operations on the above described land or the unitized area of such unit plan, and which may benefit the above described lands, or any part thereof. It is further expressly provided and agreed that at any time when the average production per well per day (for any one month period) is fifteen (15) barrels or less, and when the overriding royalty herein provided to be paid to Assignor plus the total of all prior existing overriding royalties or burdens on production, if any, plus the royalty payable to the United States in aggregate exceed seventeen and one-half per cent (17 1/2%) then the overriding royalty payable to the Assignor hereunder shall be reduced to the extent that said aggregate shall equal seventeen and one-half per cent (17 1/2%), and this provision shall apply separately to each productive zone or portion of the lease segregated for computing government royalty.

3. In the event the above described land, or any part thereof, or any sands or horizons thereof, are or shall hereafter be incorporated in and be operated under any cooperative or unit plan of development or operation, or other plan for the conservation of oil or gas in a single pool or zone, or other arrangements relating to the development of any production from said land (any such plan or agreement being for convenience herein referred to as "unit plan") whereby the production therefrom is allocated to different portions of the land covered by such unit plan, then the production so allocated to any particular tract of said above described land, shall, for the purpose of calculating said overriding royalty to be said Assignor hereunder, be regarded as having been produced from the particular tract of land to which it is so allocated and not from any other tract of land, and the royalty payments to be made, as herein provided, shall be based on the production only as so allocated.

3. Said overriding royalty shall be paid on or before the last day of each month next succeeding the month in which said oil, gas, casinghead gas or other gaseous substances are marketed, by mailing a check, postage prepaid to the

Santa Fe National Bank

Bank of **Santa Fe, New Mexico,**

for the account of Assignor, his successors or assigns. Said bank, or its successors or assigns, shall continue as depository for any and all sums payable by Assignor hereunder, regardless of changes of ownership of said overriding royalty, or any part thereof, or the right to receive the same.

5. In computing the amount of the overriding royalty payable hereunder, Assignee shall have the right to deduct, or cause to be deducted from the amount or value of the oil, gas, casinghead gas or other gaseous substances, or the proceeds thereof, upon which said overriding royalty is computed, the full amount of any taxes required to be paid on such oil, gas, casinghead gas or other gaseous substances, or on the value or proceeds thereof, or for or on account of the production, sale, or transportation thereof, including any so-called gross production or severance taxes.

6. No change in the ownership of all or any part of the interests or rights of Assignor hereunder shall be binding upon Assignee unless and until Assignee shall be furnished with the original or an acceptable certified copy of the instrument or instruments evidencing such change of ownership or of other legal evidence of such change of ownership as may be required by Assignee, but notwithstanding any such change of ownership, Assignee shall have the right to continue to make all money payments which may be payable hereunder to the depository bank herein above named. In the event of a dispute at any time concerning the ownership of any overriding royalty payable hereunder, Assignee may withhold payment of such overriding royalty without interest, until such dispute is settled.

7. If at any time, there shall be more than six parties entitled to receive said overriding royalty payments, then Assignee shall have the right to withhold, without obligation to pay interest thereon, all said payments, unless and until all of the parties entitled thereto shall designate in writing in a recordable instrument to be delivered to Assignee, a trustee to receive all said payments, to execute division orders and to act in all matters involving the overriding royalty to which they are entitled for and on their behalf and on behalf of their respective successors in title.

8. Assignor shall have the right to assign all or a fractional part of said overriding royalty as a unit, but shall not have the right to assign or subdivide in or part the same in less than all of the above described land.

9. Assignor agrees as between the parties hereto to keep and perform all of the agreements, conditions and provisions of said lease which are contained therein.

10. Notwithstanding the grant to Assignor of the above described overriding royalty, Assignee shall have the exclusive right, as between the parties hereto, to develop and operate all of the above described land and every part thereof to such extent and in such manner as Assignee shall determine to be proper, without incurring any liability whatever to Assignor and nothing herein contained shall be deemed, as between the parties hereto, to constitute Assignee or Assignee's successors in interest in said lease to drill for, produce or market oil, gas, casinghead gas or other gaseous substances from the above described land, or to continue the production therefrom for the benefit of Assignor.

11. Assignee is hereby granted the right, as to all or any part of the above described land and as to any sand or horizon thereof, to enter upon a unit plan as herein defined, in such manner and form as Assignee shall deem proper and to commit Assignor's interest hereunder to such unit plan, and from time to time to modify, change or terminate any such unit plan, and Assignor hereby expressly ratifies and approves any and all such unit plans which may be so entered into by Assignee. Should the participation of Assignor or Assignor's successors, be required in the operation of any such unit plan or the modification or change thereof, Assignor, or Assignor's successors or assigns do hereby make, constitute and agree to Assignee or Assignee's successors or assigns, as attorney-in-fact to make, execute and deliver each and all instruments that may be required and to do and perform all and all acts and things incident or relating thereto.

12. Assignee is hereby granted the right to release, forfeit and surrender the above mentioned lease, either in whole or in part, and from time to time, and upon the happening of such event, shall thereupon be fully and completely relieved, released and discharged from all not then existing liabilities and all obligations to Assignor hereunder and under said lease to the extent it shall have been surrendered.

13. In the development or operation of the property covered by this assignment, Assignee agrees not to discriminate against any employee or applicant for employment because of race, creed, color, or national origin, and to require an identical provision to be included in all subcontracts.
