BEFORE THE
OIL CONSERVATION COMMISSION OF NEW MEXICO

IN THE MATTER OF THE APPLICATION
OF PETRO-LEWIS CORPORATION FOR
APPROVAL OF UNIT AGREEMENT,
SANDOVAL COUNTY, NEW MEXICO

Case
5464

APPLICATION

Comes now Petro-Lewis Corporation and applies to the Oil Conservation Commission of New Mexico for approval of its Media Entrada Unit Agreement for the operation of the Media Entrada Oil Pool, Sandoval County, New Mexico, and in support thereof would show the Commission:

1. The Media Entrada Unit Agreement embraces an area of 580 acres, effectively covering all of the producing area of the Media Entrada Oil Pool as defined by the Commission.

2. All of the acreage embraced within the unit area is Federal acreage, and the form of Unit Agreement has been submitted to the United States Geological Survey, Department of the Interior, for preliminary approval and designation of the unit area.

3. All of the working interest owners within the area embraced by the Unit Agreement have agreed to the formation of the unit and to the form and content of the proposed unit agreement.

4. The purpose of the unit agreement is the institution of a pressure maintenance project by water injection into the Media Entrada pool.

5. Approval of the proposed Media Entrada Unit Agreement is in the interests of conservation, will prevent waste, will protect correlative rights, and result in the recovery of oil that would not otherwise be recovered.

WHEREFORE applicant prays that this application be set for hearing before the Oil Conservation or its duly appointed examiner, and that after notice and hearing as required by law the Commission enter its order approving the Media Entrada Unit Agreement.

Respectfully submitted,

Petro-Lewis Corporation
