Atlantic Richfield Company
Attention: Mr. Jerry Tweed
P. O. Box 1610
Midland, Texas 79701

Gentlemen:

Your application of September 1, 1976, filed with the Assistant Area Oil and Gas Supervisor, Roswell, New Mexico, requests the designation of the East Blinebry unit area embracing 3,080.00 acres, more or less, in Lea County, New Mexico, as logically subject to exploration and development under the unitization provisions of the Mineral Leasing Act as amended.

Pursuant to unit plan regulations 30 CFR 226 the land requested as outlined on your plat marked "Exhibit 'A' East Blinebry Unit" is hereby designated as a logical unit area.

Your proposed form of unit agreement will be acceptable. One copy of the proposed form is enclosed and one copy is being sent to the Oil and Gas Supervisor, Albuquerque, New Mexico. We hereby concur in the Supervisor's recommendation that the proposed basis for allocating unitized substances be accepted.

If conditions are such that further modification of said standard form is deemed necessary, three copies of the proposed modifications with appropriate justification must be submitted to this office through the Oil and Gas Supervisor for preliminary approval.

In the absence of any other type of land requiring special provisions or of any objections not now apparent, a duly executed agreement identical to the form returned herewith will be approved if submitted in approvable status within a reasonable period of time.

EXHIBIT 1-B

However, notice is hereby given that the right is reserved to deny approval of any executed agreement submitted which, in our opinion, does not have the full commitment of sufficient lands to afford effective control of operations in the unit area.

When the executed agreement is transmitted to the Supervisor for approval include the latest status of all acreage. In preparation of Exhibits "A" and "B", follow closely the format of the sample exhibits attached to the standard form of unit agreement for unproved areas (1968 reprint).

Sincerely yours,

Regional Conservation Manager

Gentlemen:

Your application of September 1, 1976, filed with the Assistant Area Oil and Gas Supervisor, Roswell, New Mexico, requests the designation of the East Drinkard unit area embracing 3,080.00 acres, more or less, in Lea County, New Mexico, as logically subject to exploration and development under the unitization provisions of the Mineral Leasing Act as amended.

Pursuant to unit plan regulations 30 CFR 226 the land requested as outlined on your plat marked "Exhibit 'A' East Drinkard Unit" is hereby designated as a logical unit area.

Your proposed form of unit agreement will be acceptable. One copy of the proposed form is enclosed and one copy is being sent to the Oil and Gas Supervisor, Albuquerque, New Mexico. We hereby concur in the Supervisor's recommendation that the proposed basis for allocating unitized substances be accepted.

If conditions are such that further modification of said standard form is deemed necessary, three copies of the proposed modifications with appropriate justification must be submitted to this office through the Oil and Gas Supervisor for preliminary approval.

In the absence of any other type of land requiring special provisions or of any objections not now apparent, a duly executed agreement identical to the form returned herewith will be approved if submitted in approvable status within a reasonable period of time.

EXHIBIT 1-C

However, notice is hereby given that the right is reserved to deny approval of any executed agreement submitted which, in our opinion, does not have the full commitment of sufficient lands to afford effective control of operations in the unit area.

When the executed agreement is transmitted to the Supervisor for approval include the latest status of all acreage. In preparation of Exhibits "A" and "B", follow closely the format of the sample exhibits attached to the standard form of unit agreement for unproved areas (1968 reprint).

Sincerely yours,

A handwritten signature in cursive script, reading "George H. Horn". The signature is written in dark ink and is positioned above the typed name and title.
