ENERGY MINERALS AND NATURAL RESOURCES DEPARTMENT  
OIL CONSERVATION COMMISSION**

**IN THE MATTER OF PROPOSED  
AMENDMENTS TO THE COMMISSION'S  
RULE ON RULEMAKING, 19.15.3 NMAC**

**CASE NO. 15738  
ORDER NO. R-14362-C**

**ORDER OF THE COMMISSION**

THIS MATTER came before the New Mexico Oil Conservation Commission ("Commission") on the application of Commission Counsel ("Counsel") to amend its rule on rulemaking, 19.15.3 NMAC. The Commission, having conducted a hearing and deliberated on September 21, 2017, and having considered the testimony, the record, and the arguments of the parties, and being otherwise fully advised, enters the following findings, conclusions, and order.

**THE COMMISSION FINDS THAT:**

1. Counsel submitted a proposal to amend portions of 19.15.3 NMAC to the Commission at a Commission meeting on May 18, 2017. The Commission voted to commence rulemaking to amend 19.15.3 NMAC and issued an Order. Order R-14362. *See* 19.15.3.8 NMAC ("The commission may commence a rulemaking proceeding by issuing an order initiating rulemaking.").
2. The Part proposed for amendment, 19.15.3 NMAC, provides the procedures for the Commission to adopt rules.
3. The Oil and Gas Act ("Act"), NMSA 1978, Section 70-2-7 (1987), authorizes the adoption of rules of procedure for hearings conducted under the Act. The Act requires that a hearing be held before the Commission before a rule can be adopted. NMSA 1978, Section 70-2-12.2 (2015). The 2017 amendments to the State Rules Act, which govern rulemaking procedures, provide that each agency may adopt its own procedural rules. NMSA 1978, Section 14-4-5.8 (2017).
4. The Commission initially scheduled a hearing on the proposed rule changes for July 13, 2017 and then continued the hearing to August 10, 2017 and then to September 21, 2017. Orders R-14362, R-14362-A, and R-14362-B.
5. Notice of the rulemaking was provided as required by NMSA 1978, Section 14-4-5.2 (2017) and 19.15.3.9 NMAC, including publication in the New Mexico Register on August 15, 2017. (Exhibit 3).

6. The Commission conducted a public hearing on the proposed rule changes on September 21, 2017, and allowed an opportunity for all persons to be heard.

7. A pre-hearing statement was filed by Counsel. Proposed modifications to the rule change were filed by Counsel and by the New Mexico Oil and Gas Association ("NMOGA"). No other written comments were submitted.

8. Counsel appeared at the hearing and presented William Brancard as a witness. No other person testified or offered evidence at the hearing.

9. The purposes of the proposed changes to 19.15.3 NMAC include:

(a) Bringing Rule 19.15.3 NMAC into compliance with statutory changes including (i) amendments to the Oil and Gas Act, NMSA 1978, Section 70-2-12.2, that provide for the adoption and filing of rules by the Commission and allow for the appeal of rules, and (ii) amendments to the State Rules Act, Laws 2017 Chapter 137, that provide a uniform process for the adoption of rules by all state agencies.

(b) Clarifying and streamlining certain procedures in 19.15.3 NMAC including the initiation of rulemaking and the filing of pre-hearing statements and making other changes to update and improve the rule.

10. 19.15.3.1 (Issuing Agency): The proposed change to 19.15.3.1 clarifies that the Commission is the agency adopting the rule. The new Section 70-2-12.2 requires that a rule may only be adopted under the Oil and Gas Act after a hearing before the Commission.

11. 19.15.3.3 (Statutory Authority). The proposed amendments to this section provide that, in addition to the general rulemaking authority under the Act, these proposed changes are authorized by a new section in the Act, Section 70-2-12.2, and by the changes to the Rules Act in Chapter 137. Section 10 of Chapter 137 specifically authorizes each agency to adopt its own procedural rules.

12. 19.15.3.7 (Definitions). The proposed changes note that three terms used in this rule have definitions in the Rules Act: "proceeding", "proposed rule", and "rule". The Rules Act now provides that a term which is defined by statute should not be defined in rule. NMSA 1978, Section 14-4-5.7 (2017). Two definitions are proposed to be added. "Party" is defined and used in 19.15.3.12 NMAC to assist with the conduct of the hearing. "Technical testimony" is a term used in the existing rule but not defined. This definition is taken from the rulemaking procedures of the Environmental Improvement Board, 20.1.1.7(R) NMAC, and the Water Quality Control Commission, 20.1.6.7(T) NMAC.

13. 19.15.3.8 (Rulemaking Initiation). The proposed changes to Subsection A are designed to create one, rather than two, methods for initiating a rulemaking proceeding. Currently any party may initiate a rulemaking by filing an application or the Commission

may initiate a proceeding on its own by issuing an order. The changes would keep the application process. The changes to Subsection C require the Commission to determine, at a public meeting, whether to go forward with the rulemaking application and, if so, whether to issue any procedural orders. Subsection C also codifies the current Commission practice of allowing the Chair (or a hearing officer appointed by the Commission) to decide on procedural matters prior to the hearing.

In Subsection B, and elsewhere in this proposed rule, references to delivery by facsimile are removed. The Rules Act does not mention faxing as a means of communication but does specifically mention mail and electronic mail. The requirement for six copies of the application is also eliminated and replaced by a requirement to provide an electronic copy.

A few changes to this section are designed to use consistent terms throughout the rule, particularly terms defined in the Rules Act, such as "proposed rule".

14. 19.15.3.9 (Rulemaking Notice). The proposed changes to this section involve replacing the Commission's notice requirements with those found in the Rules Act amendments. The new law includes a definition for the term "provide to the public", which outlines who will receive the various notices in the Act. NMSA 1978, Section 14-4-2(E). The Rules Act requires that the agency "provide to the public" and publish in the New Mexico Register a notice of proposed rulemaking at least 30 days before the public hearing. Section 14-4-5.2. The list of notice recipients in 19.15.3.9(A) NMAC comes from the definition of "provide to the public". The only addition is the publication in a newspaper of general circulation which is not required by the Rules Act but is a long-standing requirement of the Commission.

The Rules Act also specifies the content of the public notice and that content is included in Subsection B. Section 14-4-5.2. Most of these elements are part of the Commission's existing notices. New requirements include citation to legal authority for the rule and a citation to any technical information that served as a basis for the proposed rule.

15. 19.15.3.10 (Comments on Rulemaking). The only proposed substantive change to this section is moving the deadline for written comments from five business days before the hearing to the date of the hearing. This change is necessitated by two sections in the new Rules Act: one which requires that notice be published at least 30 days before the hearing and the other which requires the notice provide a public comment period of at least 30 days. NMSA 1978, Sections 14-4-5.2 and 14-4-5.3. Another section requires that the public be given a reasonable opportunity to submit written comments at the hearing. Section 14-4-5.3(B). To reconcile these requirements, it is necessary to allow written comments to be submitted up to and at the hearing.

16. 19.15.3.11 (Rulemaking Hearing Participation). The proposed changes to this section are discretionary. The Rules Act directs each agency to determine "the manner in which parties to the proceeding and members of the public will be able to participate in

public hearings.” Section 14-4-5.3(B). The changes condense the pre-hearing submittals to a pre-hearing statement which can include modifications to the proposed rule. The statement must be 10 business days before the hearing. Based on comments submitted by NMOGA, the Commission provided that the pre-hearing statement must be used by a person wishing solely to cross-examine witnesses at the hearing and rejected the proposed Subsection C on an entry of appearance.

17. 19.15.3.12 (Rulemaking Hearings). The only proposed changes are designed to employ consistent terminology. Subsections D, E, and F have been moved to new sections because they involve actions that occur after the hearing, and the Rules Act has added requirements for each of these actions.

18. 19.15.3.13 (Commission Deliberation and Action). This is a new section, which includes prior material and adds requirements from the Rules Act. Subsections A, B, and C are largely taken from the current 19.15.3.12(E). Subsection C also makes it explicit that the Commission Order will serve the purpose of the “concise explanatory statement” now required by the Rules Act. NMSA 1978, Section 14-4-5.5. Subsection D provides for the termination of a rulemaking in accordance with the Rules Act. Section 14-4-5. The Rules Act now provides for an automatic termination after two years.

19. 19.15.3.14 (Record). The proposed changes comply with the revised Rules Act, which requires each agency to maintain the record, have it available for inspection, and have it available on the Sunshine Portal. Section 14-4-5.4(A). The Rules Act also defines what the record must contain. Section 14-4-5.4(B). Most of the requirements fit with current Commission practice.

20. 19.15.3.15 (Filing and Appeal). This section has been expanded to include requirements from both the Rules Act and the Oil and Gas Act. Subsection A seeks to resolve 2 different deadlines in the Rules Act and the Oil and Gas Act. The Oil and Gas Act does not allow the rule to be filed with the Records Center until 20 days after the Commission has issued an order or after the commission has refused a rehearing application. NMSA 1978, §70-2-12.2 (B). This allows the rehearing period under Section 70-2-25 to be completed. The Rules Act, however, requires the rule to be filed within 15 days after the adoption of the rule. Section 14-4-5(D). Subsection B follows the process in the Oil and Gas Act and states that the end of the 20-day rehearing period or the action of the Commission on a rehearing request constitutes the “adoption of the rule” for the purposes of the Rules Act. The rule must then be filed within 15 days. The Commission Order, which serves as the “concise explanatory statement” under the Rules Act, must also be filed with the Records Center. 2017 N.M. Laws, Ch. 137, § 2(A).

Subsection B provides for additional public notice upon filing of the rule. Section 14-4-5(D). The Commission will post or send a notice which include the rule and the order, or information on how to obtain the rule and the order. Newspaper publication is not required. The Records Center will handle publication in the New Mexico Register, and must do so within 90 days after the rule is adopted. *Id.*

Subsection C deals with the authority now given to the Records Center to make "minor, nonsubstantive corrections in spelling, grammar and format in filed rules". Section 14-4-3(D). If such changes are made, the Records Center must notify the agency and the Commission must provide public notice of the changes.

Subsection D provides for the appeal of rule changes, which is set forth in the Act, Section 70-2-12.2(C). The appeal goes directly to the Court of Appeals.

21. The Commission reviewed the proposed changes and made changes to 19.15.3.1, 19.15.3.7, 19.15.3.10, 19.15.3.11, and 19.15.3.14 NMAC.

22. The Commission finds that the proposed changes, as amended by the Commission, will implement the legislative changes to the Oil and Gas Act and the State Rules Act, and will clarify and improve the Commission's rule on rulemaking, 19.15.3 NMAC.

**THE COMMISSION CONCLUDES THAT:**

1. The Commission has jurisdiction, under the Oil and Gas Act, over the parties and the subject matter of this case.
2. Proper public notice has been given.
3. The Commission has the legal authority to enact the proposed rule changes.
4. The Commission concludes that there is substantial evidence in the record to support the proposed rule changes, as amended by the Commission, that these rule changes are reasonable and further the goals of the Oil and Gas Act.

**IT IS THEREFORE ORDERED THAT:** The proposed changes to 19.15.3 NMAC, as filed with the Commission by Counsel (Exhibit 5) and as amended by the Commission at the hearing, are hereby approved by the Commission. The adoption of the rule changes will be final upon the later of the action of the Commission on a rehearing application filed pursuant to NMSA 1978, Section 70-2-25, or 20 days from the date of this Order if no rehearing application is filed. The rule change shall not be filed with the State Records Center until the adoption is final and then must be filed within 15 days after the adoption. If no rehearing is required by the Commission, this Order shall serve as the "concise explanatory statement" required by NMSA 1978, Section 14-4-5.5 (2017).

**NOTICE OF PROPOSED RULEMAKING**

The New Mexico Oil Conservation Commission (Commission) hereby gives notice of the following proposed rulemaking.

**Case No. 15738. In the Matter of Proposed Amendments to the Commission's Rule on Rulemaking, 19.15.3 NMAC.**

The Commission proposes to amend its rule governing the procedures for rulemaking proceedings, 19.15.3 NMAC. The proposed rule change includes amendments to the sections on rulemaking initiation, notice, hearing participation and hearings, and adds sections on deliberation and action, the record and filing and appeal.

The purposes of the proposed rule changes are to comply with recent statutory changes involving rulemaking requirements. The proposed rule change is also intended to update and clarify 19.15.3 NMAC including the requirements for the initiation of rulemaking and for the filing of pre-hearing statements. The statutory authorizations include a new section of the Oil and Gas Act, NMSA 1978, Section 70-2-12.2, on adoption of rules and appeals, and the changes to the State Rules Act in Chapter 137 of Laws 2017. NMSA 1978, Section 70-2-11(A), authorizes the adoption of rules to carry out the purposes of the Oil and Gas Act. **Case No. 15802. Application of the New Mexico Oil Conservation Division for Amendment of Section 19.15.7.24 NMAC Changing the Time for Division Notification and Enforcement After an Operator's Failure to file an Acceptable Monthly Production Report (Form C-115).**

The proposed amendment will reduce the time after an operator fails to file an acceptable monthly production report (form C-115) within which the Oil Conservation Division ("the division") must notify the operator of its intent to revoke the operator's authorization to transport from 60 days to 30 days, and to reduce the time within which the operator may file an acceptable form or request a hearing on the proposed revocation from 120 days to 60 days, after the original due date of the form C-115.

The purpose of the proposed amendment is to secure more expeditious filing of operators' production reports. This amendment is authorized by NMSA 1978, Section 70-2-11(A), which authorizes the adoption of rules to carry out the purposes of the Oil and Gas Act (NMSA 1978, Sections 70-2-1 through 70-2-38, as amended); and by NMSA 1978, Section 70-2-12(A), which authorizes the collection of data and to provide for the keeping of records and the making of reports.
