☒ All pits have been remediated in compliance with OCD rules and the terms of the Operator's pit permit and closure plan.
☒ Rat hole and cellar have been filled and leveled. Cathodic protection holes have been properly abandoned.
☒ A steel marker at least 4" in diameter and at least 4' above ground level has been set in concrete. It shows the

OPERATOR NAME, LEASE NAME, WELL NUMBER, API NUMBER, QUARTER/QUARTER LOCATION OR UNIT LETTER, SECTION, TOWNSHIP, AND RANGE. ALL INFORMATION HAS BEEN WELDED OR PERMANENTLY STAMPED ON THE MARKER'S SURFACE.

- ☒ The location has been leveled as nearly as possible to original ground contour and has been cleared of all junk, trash, flow lines and other production equipment.
☒ Anchors, dead men, tie downs and risers have been cut off at least two feet below ground level.
☒ If this is a one-well lease or last remaining well on lease, the battery and pit location(s) have been remediated in compliance with OCD rules and the terms of the Operator's pit permit and closure plan. All flow lines, production equipment and junk have been removed from lease and well location.
☒ All metal bolts and other materials have been removed. Portable bases have been removed. (Poured onsite concrete bases do not have to be removed.)
☒ All other environmental concerns have been addressed as per OCD rules.
☒ Pipelines and flow lines have been abandoned in accordance with 19.15.35.10 NMAC. All fluids have been removed from non-retrieved flow lines and pipelines.
☒ If this is a one-well lease or last remaining well on lease: all electrical service poles and lines have been removed from lease and well location, except for utility's distribution infrastructure.

When all work has been completed, return this form to the appropriate District office to schedule an inspection.

PLEASE SEE ATTACHED.

**** External email. Use caution. ****
Good morning Neal,

This request has been sent to the measurement team (along with the other request). The team will work on getting the necessary equipment removed when the crews are available.

Let me know if you have any questions.

Thanks!

Subject: Flint #1 meter house and associated equipment removal request

Travis:

Hope the week is treating you well!

We have a location, the Flint #1, which needs the meter house, meter run, dehy, and some piping removed from location so that we can complete site remediation. I've attached a picture showing this equipment and the location lat/longs are as follows:

32.8044395 -104.4450836

Would you please ask your field operations to remove this equipment so that we can finalize remediation at this location?

We appreciate your help in this matter and should you have any questions, please feel free to call. Thanks!
