Good morning Mr. McClure,

I see you're helping with completion paperwork now, thank you so much for that. I answered your questions below.

We had some issues with our data source a few months ago but they have fixed. If you have any more questions, please do not hesitate to reach out.

Subject: [**EXTERNAL**] Review of 30-015-45102

Hello Ms. Becerra,

I am reviewing the well file for the HH SO 17 20 Fed 001 #5H (30-015-45102) operated by Chevron USA, Inc. (4323).

Please submit a sundry to me via email with the following:

- Final Rig Release Date 10/7/2018
- Details on the pressure test conducted on the surface casing : 8/30/2018 Tested 13-3/8" surface casing to 1,920psi for 30 min, good test
- Confirmation that the perforations are from 10,051' to 20,015' MD Yes, this is the correct perf interval. The C-104, BLM completion report and As-Drilled C-102 are correct.
