Subject: Coinflip State #1 meter and meter run removal request

Thomas:

Happy Thursday to you!

We are in the process of site remediation at the Coinflip State #1 and would like to request DCP to remove their meter and meter run from this location. The meter number is #2340320022 and the coordinates of this location are shown below:

32.5779114 -104.0178146

Pictures of the meter label and meter and meter run are attached should these help. Could you please have your construction team remove this equipment for us at their earliest convenience so that we can complete site remediation?

Should you have any questions, please feel free to call. Thanks.
