**Subject:** RE: Ray Westall – DHY B SWD permit extension - Apache [NOW] in AOR

I noticed that in the permit as a request from the OCD, my geo and engineer wanted to make sure I mentioned it.

Thank you sir.

Yes, thanks Dean.

The perms will be squeezed and tested – Mewbourne stated that also AND, it is in the prog and will be done.

Thanks so much,  
Ben

Good afternoon Ben,

Our team is good with the application as long as the old perforations are successfully squeezed and tested.

Thank you and good luck.

Good morning Dean,

Just touching base...

Thank you!

Ben

Good afternoon sir,

Hope you are doing well. I apologize for the delay, I've been hammering out our P-5, so I haven't looked at anything else the past two days.

Send it to me and I will get it to the proper folks for review.

Have a great afternoon.

Hi Dean, you there? Haven't visited in a while so I'm not even sure you're getting this... (!)

Ben

**Subject:** Ray Westall – DHY B SWD permit extension - Apache [NOW] in AOR

Hi Dean,

Hope all's good with you and yours!

Hey, a few years ago we got the DHY B State SWD permitted for Ray Westall. We requested an extension while waiting for SLO to process/ approve the SWD easement on state land. Mike McMillan left OCD and they lost the request – I provided them a copy. Just this week, SLO finally approved the SWD easement. OCD wanted me to review the AOR again and Apache and Mewbourne both completed horizontal wells within the ½ mile. RWO would be injecting into the Cisco/ Canyon below the BS completions. **As mentioned, RWO had the permit but it took 2-1/2 years for the various regulatory processes.**

Anyway, my question is, do I need to send the information to your attention or someone in NM? The well is 30-015-21971 in 'L'-11-19S-28E. Apache's wells in the AOR are the Palmillo 10 State wells – several of them along the east line of section 10 with laterals extending away to the west.

Mewbourne has already given me their consent to proceed with a new/ updated extension request for the subject permit – hoping Apache sees it similar but in any event, please let me know if you have any questions.

Original permit is attached.

Thank so much,  
Ben
