RE: State # 1  
P-24-23N-31E  
Quay County, NM

Dear Mr. Denman:

This letter is to inform you that more than five months have elapsed since this agency has received any required reports on the above-mentioned well. Accordingly, Rule 202 of the State of New Mexico Oil Conservation Division Rules and Regulations state that a copy of electric logs, Forms C-103 and C-105 must be submitted to the District office thirty days after the completion of the well. A field inspection was made of your drill site and it was observed that the location has not been reclaimed, there was no surface plug in the casing, and no dry hole marker had yet been installed.

Your immediate attention on this matter and assistance in helping close our files would be greatly appreciated. If you have any questions concerning the above, please contact this office.

Sincerely,

Roy E. Johnson  
Petroleum Geologist
