Dear Dave:

A review of the above-referenced well files indicated that this agency is lacking the required information in order for us to close these files. Listed below is the required information needed for each well:

State Well No. 1

- 1) Form C-103, stating reclamation has been completed and is ready for inspection.

T-4 Cattle Co. Well No. 1

- 1) Form C-103, state reclamation has been completed and is ready for inspection.

2) Logs, DIL, FDC, CNL

J. L. Hicks Well No. 1

- 1) Notification that location is ready for inspection.

Reilly Minerals Well No. 1

- 1) Completion Form C-105
- 2) Copies of all Logs and Tests
- 3) Form C-103 stating reclamation has been completed and is ready for inspection.

CO₂-In-Action

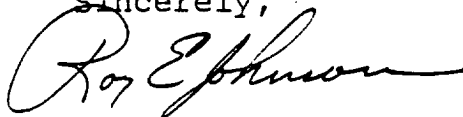

Trigg Well no. 4

- 1) Completion Form C-105
- 2) Copy of all logs and tests
- 3) Notification that location is ready for inspection.

A field inspection trip is being planned for the week of April 15th through April 19th and I will be visiting the above-referenced locations. If the above locations cannot be reclaimed by the time of the field trip, please notify me at this office.

Your cooperation in helping us close these well files would be greatly appreciated.

Sincerely,

ROY E. JOHNSON
Senior Petroleum Geologist
