Dear Mr. Hamill: RE: Hamill, G. H.; \$5,000.00 one-well bond;
NW NW 35-12N-34E; New Amsterdam Casualty

The Oil Conservation Commission approves cancellation of the above-captioned one-well plugging bond as of January 26, 1953. Our field inspector advises that the interim operator, Neville G. Penrose, Inc., cleared the drilling site properly after waiting for some time after the plugging to do so. However, it appears that the work was accomplished some time ago, and we therefore approve the back-dating of the cancellation for that reason.

Very truly yours,

R. R. Spurrier
