INSPECTION REPORT

18 April, 1952

BESS OIL & GAS COMPANY

Re: Bess-Rock Bros. No. 1
NE-SW Sec. 10-16N-35E
Quay County

The above captioned well is presently fishing, with its total depth being 2370'. The 7" casing was parted while an attempt was made to lower same with down-stroke jars following under-reaming below 2011'. The operator is now trying to recover that portion of the casing that remains in the hole.
