Re: Bess-Rock Bros.,
No. 1 NESW Sec. 10-
16N-35E Quay County

Dear Sir:

This will acknowledge receipt of your letter of November 6, 1951, wherein you have requested approval to resume drilling operations at the above captioned well.

Our files on this well are still incomplete and we want you to comply with our requests for information on all operations at the well, to be submitted on specific Oil Conservation Commission forms. I am enclosing necessary forms which you shall fill out in triplicate and return to this office. You may submit the casing record, as outlined by you in your letter of June 13, 1951, on Form C-103. You may state the fact that you want to resume drilling operations and your proposed plan of work on Form C-102.

Following receipt of these forms, duly filled out and signed, we shall then be able to grant the approval which you seek.

It is not our intention to purposely hinder your progress on this well considering the fact that you should be very nearly ready to resume work. Please furnish us the above mentioned data and we shall be more than glad to cooperate with you in your endeavors.

Very truly yours,

E. A. CHAVEZ,
Geologist
