Re: Reeve-Chappell #1  
San Miguel County

Dear Mr. Kapteina,

Enclosed please find a report indicating our deviation record on the above mentioned well.

I trust by now your office has received our plugging form we mailed from Tucumcari.

I have talked with Mr. Bond, the ranch manager, and he has agreed to fill the pits and level the location as soon as possible.

I believe this meets with your offices plugging requirements and would appreciate receiving a release from our plugging bond.

I appreciate the cooperation you have afforded us in regards to this project.

Best Regards,

  
H.R. Sidwell
