Texas Pacific Oil Company, Inc.
P. O. Box 4067
Midland, Texas 79701

Attention: W. J. McClintock

Subject: Trigg Well No. 1, O-2-15N-28E,
and Upton Well No. 1, D-25-18N-26E,
San Miguel County.
Trujillo Well No. 1, A-23-18N-28E,
and McCarty Well No. 1, A-34-18N-31E,
Harding County.

Gentlemen:

Your requests for change of ownership in the above described wells (Forms C-104) were received this date. Unfortunately, these requests cannot be approved at present. Rather than simply deny your applications, however, we will hold them in suspense awaiting the additional data required to permit approval.

The operator of record of the captioned wells, CO₂-In-Action, Inc., applied for Temporary Abandonment permits for these locations last year. Those permits were granted and are in effect at the present time. However, no logs (bore-hole surveys) or well data reports (Form C-105) have been submitted. (See Rule 1105)

If the data required to complete our files can be supplied, the change of ownership will be effected. If you have questions concerning the foregoing, do not hesitate to contact this office.

Yours truly,

CARL ULVOG
District IV Supervisor

Re: Harding and San Miguel
County, New Mexico, Well
Workovers #2-I-32-15N-30E;
#1-D-25-18N-26E; #1-A-23-18N-28E;
and #1-A-34-18N-31E

Gentlemen:

Kindly refer to your files pertaining to the above described locations and observe the dates of last reported operations. Then refer to Rules 1103 and 1105 to recognize which reports are delinquent and overdue.

Your early attention to rectifying this matter is hereby requested.

Yours truly,

CARL ULVOG
District IV Supervisor
