Bill Staechinger w/ Worldwide called re
well they're drilling near Vegas

Well has 202' of 7" surf pipe w/ cut circ.

drilled w/ air to TD of 1238, lost circ, have
caved in. ~~Fixed tool~~ Tried pulling
drill pipe - stuck.

shot off drill collars left 8 drill
collars (20' each) and bit in hole
about 50 feet off btm.

jarred on fish cannot get it out
top of fish 1030

want to P&A

while drdg encountered only small
amount of wt to make light mist

approved following program for P&A

set 10 set on top of fish

set 10 set across btm of surf pipe (5 in & 5 out)

set 5 set at surf w/ 4" marker 4 ft high

file C-103 notice of intent to P&A

file C-103 Report of P&A when location
is ready

file C-105

send samples to Socorro or to Carl
