					supp supposedly set. Cellar open but not walls not re-inforced (shored). Casing may be covered by casing shale. (Chalfont)
P	O	D	4		F-24-28N-20E (1 well): Examine well drilled in 1979 and abandoned. Operator has repeatedly refused to obtain water well conversion permit from landowner, but claims he has contract to supply water from well to City of Raton. O.C.D. Order R-6453 required plugging prior to 10-15-80. Inspection found casing open at surface with water standing 3' below ground level. Location clean and level. (Bennett)
H	O	D	3		K-3-13N-15E (1 well): Inspect site of well for which temporary abandonment permit has been requested. Location is clean but pit is open. Wellhead in place. Contacted surface owner (lessee) regarding unfenced location. He has no objection to site left in present condition. (Midas)
