Gentlemen:

This letter is to inform you that you are delinquent in filing Form C-103 on the above-referenced well. Please find enclosed Form C-103 and data sheet pertaining to this form.

This office has also received numerous phone calls regarding setting of production string on this well. If production string has been set, please inform this office on Form C-103 on setting depth, amount of cement, and approximate depth of the top of the cement. Also please supply this office with a copy of the cementer's work tickets as this office was not notified of any cementing done on this well.

If you have any questions regarding the above, please contact me at this office.

Sincerely,

ROY E. JOHNSON
