

Memo

From

CARL ULVOG

SENIOR

PETROLEUM GEOLOGIST

To

12/10/76 -

Elliot called and told to get bonds and forms filed for re-entry of Horton well and have rig on location by 1-1-77 or we will set for forced plugging. CU

12/22: Elliott & Smith in office. I gave them forms, rules brief, etc.

12/23: I called Elliott and told him they had until Jan 15th to get rig on location. Requested they have new operator contact me before Dec 31.

1/11/77: Quigley (Yakima, Wash) says he will be at hearing. Plans to deepen well.

(over)

1/12: Horton says he will be at
hearing. Wants well P.B. to 1450'. If
order to plug, then put
