

10/9/75

# Memo

From

CARL ULVOG  
SENIOR  
PETROLEUM GEOLOGIST

To

James W. Strawn

Enclosed are copies of Forms C-101, C-102, C-103 and C-105. Also enclosed are copies of Rules 1101, 1102 and 1103 of the State regulations pertaining to wells drilled for oil or gas. This office has no copies of the complete regulations for distribution at present but should have a supply within a few days. A complete copy will be sent you when such is available. The summaries provided by the enclosed should help you get started. If additional assistance is needed, please contact this office.

9/26/75

Elliott & Smith in office.  
Have turned deal to  
James B.W. Strawn

When bond comes in, send  
him forms and rules (or  
instructions).

**OIL CONSERVATION COMMISSION**

P. O. BOX 2088

SANTA FE, NEW MEXICO 87501

August 13, 1975

Padilla & Ludwick  
503 East Cedar  
Farmington, New Mexico 87401

Subject: Horton Well No. 1  
Unit A, Section 32, Township 11  
North, Range 7 East, Santa Fe  
County, New Mexico.

Gentlemen:

Your application for a permit to deepen the subject well - dated 5/12/75 - was approved on the condition that operations commenced within 90 days. This office has received no information concerning such operations, possibly due to an oversight on your part. Attached is a copy of part of the State Rules pertaining to oil and gas wells for your guidance.

If you have begun the proposed deepening or if you have abandoned the project, your notifying the Commission of same will be appreciated.

Yours truly,

CARL ULVOG  
Senior Geologist

OIL CONSERVATION COMMISSION  
P. O. BOX 2088  
SANTA FE, NEW MEXICO 87501

August 13, 1977

Phillip S. ...  
...  
Washington, New Mexico 87501

Subject: Barton Hill No. 1  
Unit A, Section 22, Township 11  
North, Range 7 West, Santa Fe  
County, New Mexico.

Permit

Your application for a permit to deepen the subject well -  
dated 5/12/77 - was approved on the condition that operations com-  
mence within 90 days. This office has received no information  
concerning such operations, possibly due to an oversight on your  
part. Attached is a copy of part of the State Rules pertaining  
to oil and gas wells for your guidance.

If you have begun the proposed logging or if you have  
abandoned the project, your notifying the Commission of same will  
be appreciated.

Yours truly,

CARL LYON  
Senior Geologist
