A. L. PORTER, JR.

SECRETARY - DIRECTOR

Sage Corporation
401 North Auburn
Farmington, New Mexico

Attention: Mr. N. G. McMahon

Dear Sir:

On March 30, 1974, you applied for a permit to drill an oil well to be known as:

Sage Corporation, Horton Well No. 1; Unit
A, Section 32, Township 11 North, Range 7
East, NMPM, Santa Fe County, New Mexico.

This permit was approved, conditioned upon the commencement of drilling prior to July 2, 1974. On July 18, 1974, you were notified that it would be necessary for you to file proper forms if you wish to drill said well. As of today, this office has received no reports from you relative to this operation other than the initial Form C-101.

It has been called to our attention that you have drilled or are now drilling a well in the above described location. If an investigation substantiates this, the matter will be referred to our Legal Department for proper action.

Attached are several pertinent excerpts from the New Mexico Statutes - copied from the Oil Conservation Commission Regulations - which you may find informative.

Very truly yours,

Carl Ulvog
