Claim under Well-Plugging Bond

Dear Sir:

You have been recommended to us by the New Mexico Oil Conservation Commission as being capable of plugging an abandoned oil well. As we have a job of this kind located near White Lakes, we would appreciate your contacting us at your earliest convenience concerning it.

If you will contact us by telephone at AL5-8636, Albuquerque, New Mexico we will be happy to make arrangements to meet you either at your home in Stanley or at White Lakes so that we can inspect this well together and determine what steps are necessary in order to plug it.

Very truly yours,

Lloyd Cory
Claims Representative
