ABANDONMENT*

(NOTE: Report results of multiple completion on Well
Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

After running electric logs and monitoring, it was determined that there was no oil or gas to warrant further drilling and development. No casing was run other than 12 3/4" from surface to 750' and 8 5/8" from surface to 1176' and cemented with 90 bags cement pumped by Halliburton.

Plan To:

- ① Place 35 5/8" Cnt plug 2700-2800'
- ② Place 35 5/8" Cnt plug 1126-1225'
- ③ Cnt + pull 8 5/8" Cg from 710'
- ④ Transfer well to Chandler for water well
