New Mexico

Mr. White OK'd his own plugging
and sent these copies to Santa Fe.
Will they be of any use to you?
Please advise us assoon as possible.

Form C-103 has been held in this office
for sometime as we only had one copy sent
to us. You will find this signing on the
wrong line happens often. We just mark
the name off and Mr. Yarbrough then approves
them, thus saving considerable delay.
