Gentlemen:

The Oil Conservation Division hereby approves
the above-captioned one-well plugging bond effective
this date.

Because of the great amount of infill drilling
in the state, the Oil Conservation Division now requires
that all one-well bonds give the exact footage location;
example: 660 feet from the South line and 660 feet
from the East line. Please issue a rider to this bond
with this exact well footage.

Thank you.

Sincerely,

JOE D. RAMEY,
Director
