Re: D'Spain Well No. 2
C-12-T6N-R6E
Torrance County, New Mexico

Dear Mr. Aday:

This letter is to acknowledge that this office is in receipt of your letter dated May 14, 1986. A review of your file has indicated that drilling operations ceased in June, 1983 and this office has not been notified of any testing operations or any activity on the above referenced location. This office has classified this well temporarily abandoned for the past three years and we will now require this well to be plugged and abandoned unless commercial production be obtained in the next thirty days.

Failure to report to this office on plugging or testing operations within the next thirty days will result in this office scheduling a forced plugging case at the next examiner hearing. Should you have any questions pertaining to this matter, please contact me at this office.

Sincerely,

ROY E. JOHNSON,
Sr. Petroleum Geologist
