

OIL CONSERVATION COMMISSION

P. O. BOX 871

SANTA FE, NEW MEXICO.

INSPECTION REPORT

June 4, 1952

SWEETMAN & ADAY  
DRILLING ASSOCIATES

Re: Cecil D'Spain #1  
NENW Sec. 12-6N-6E  
Torrance County

This well was shut down at the time of my inspection and a total depth of 185' had been reached on June 1. No one of the drilling personnel was immediately available for comment as to the nature of their shut down.
