Estate of F. D. Myers vs State of N.M.

Dear Mr. Fulton:

I received your letter of 8/27/68 wherein you advised that due to other pressing matters that you would not be able to start plugging these wells until approximately 9/15/68.

I am wondering if you can advise at this time if you are now working on this particular project or if it has already been done. Kindly advise.

Very truly yours,
