17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

On May 8, 1981 we ran a 5½' production string.
Baker Guide Shoe, Float Collar 45' up, 7 Centralizers, Top of #2,3,26,27,28,29,30th Collars.
78 joints, 5½", 14#, K-55, ST&C Casing 3428' set at 3410'.
We cemented with Western, 950 SX, Class H, 2% c.c., 27. gell, 5%, KCL,
5# gilsonite per sack, ¼ # celloseal 0.4% CF9, 14.4 PPG.
We circulated 100 sacks of cement. Displaced with 82 barrels of fresh water.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.

SIGNED Edward H. Decker TITLE Geologist DATE May 13, 1981APPROVED BY Carl Ulvog TITLE _____ DATE 5/26/81
CONDITIONS OF APPROVAL, IF ANY:

RULE 117. WELL LOG, COMPLETION AND WORKOVER REPORTS

Within 20 days after the completion of a well drilled for oil or gas, or the recompletion of a well into a different common source of supply, a completion report shall be filed with the Division on Form C-105. For the purpose of this rule, any hole drilled or cored below fresh water or which penetrates oil or gas-bearing formations or which is drilled by an "owner" as defined herein shall be presumed to be a well drilled for oil or gas.

RULE 202. PLUGGING AND ABANDONMENT

Within thirty days following the completion of plugging operations on any well, a record of the work done shall be filed with the Division in TRIPLICATE, on Form C-103. Such report shall be filed by the owner of the well and shall include the date the plugging operations were begun along with the date the work was completed; a detailed account of the manner in which the work was performed; the depths and lengths of the various plugs set; the nature and quantities of materials employed in plugging operations; the amount, size and depth of all casing left in the hole and the weight of mud employed in plugging the well and any other pertinent information. No plugging report submitted on Form C-103 shall be approved by the Division unless such report specifically states that pits have been filled and the location levelled and cleared of junk. The filing of Form C-105, Well Completion or Recompletion Report and Log is also necessary to obtain Division approval of a plugging report.

It shall be the responsibility of the owner of the plugged well to contact the appropriate District Office of the Division to arrange for an inspection of the plugged well and the location by a Division representative.
