Re: Mary Kay Well No. 2  
C-16-26N-36E  
Union County, NM

Dear Sir:

Attached is a copy of the most recent report received from your company. Not only did this arrive at the Oil Conservation Division's office twenty-eight hours after Case No. 7805 was heard, it also failed to provide the data which was specifically requested by telephone on February 25th, 1983, as well as on previous occasions. Consequently, you will also find attached a copy of a letter sent January 18th, last, as a reminder.

In view of the foregoing, a forthcoming New Mexico Oil Conservation Division Order No. R-7235 should be self-explanatory.

Yours truly,

A handwritten signature in cursive script that reads "Carl Ulvog".

CARL ULVOG  
District IV Supervisor
