

11-29-82

Memo

From
CARL ULVOG
Chief Geologist

To File - Neoporia. 16-26N-36E

Called for info. [Title hole]

They are drlg @ $\pm 6100'$ in form.
I "racked 'em up" - told them permit
only good for 5200'.

Sent Form C-103 for amending
depth, also copy Rule 110.3 (red lined)
and copy my Memo 2-27-81.

12-7-82: Inspected. Guard at locked
entrance. Rig broken (rotary table).
Tool pusher said depth was 6600'.
Pat Harris had gone to Dallas. Left card
& requested reports.
